### Attention:

Please print without scaling. Select "actual size" or "100% scaling" in the print settings. Print the first page of the pattern and measure one of the the control squares. If the dimensions match, print the rest, if not, then please check the print settings.

Join the pages edge to edge! Do not overlap the pages!  
There will always be a bit of the pattern missing in the edge area as most printers don't print all the way to the edge. Please don't let this irritate you. That's ok.

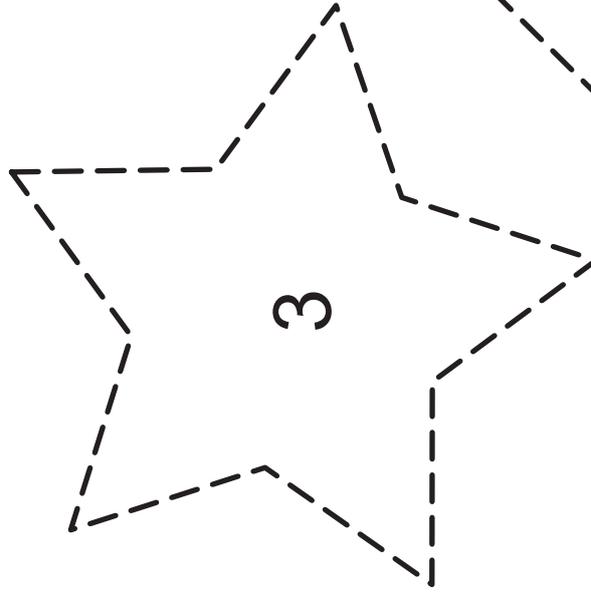

**1 cm ( $\frac{3}{8}$ ") seam allowance is included!**
